

Dear **Insert Administrator's Name**,

On **insert dates here**, our **insert grade level** will be at Camp Joy for the Outdoor School Program participating in programs to further enhance their in-class learning. Camp Joy follows the Experiential Education philosophy; a teaching model that infuses direct experience with learning content. During this time I will have the opportunity to shadow Camp Joy's educators gaining valuable knowledge to better serve our students back at **insert school name here**. I am seeking funds for the program fee. A detailed cost breakdown is included below.

Camp Joy's Outdoor School Program is well known for the implementation of the experiential model including its use of in-class educational games (Experiential Activities), the 8 Intelligences, transference back to the student's everyday life, and the use of a land lab. All of the programs our students will participate in are guided by highly experienced Educators in this field with a passion for the materials being taught. Being able to shadow these individuals will allow me to see a different model of teaching, gain valuable insights about our student's learning styles and give me the opportunity to enhance my lesson plans and teachings back to better serve our student population at **insert school name here**. Incidentally, this opportunity will fulfill 10 hours of Continuing Education Units (CEU) hours.

The full price for my participation at Camp Joy is \$50 for a 2 and a half day program which includes the shadow of 4 classes, participation in two evening programs, meals, and lodging. The opportunity for me to develop better techniques and gain knowledge in teaching makes my attendance at Camp Joy a wise investment, which will create a stronger curriculum for **insert school name here**.

Sincerely,

Insert Your Name Here
