

WE'RE HIRING

Join a Community of Change Makers

This summer, join a community of peers who care deeply, work hard, and make a difference together.

No matter what you're studying, you'll build leadership skills, real-world experience, and friendships that last long after summer ends.

Working at Camp Joy prepares you for careers in education, healthcare, social work, counseling, nonprofit leadership, recreation, and more, developing communication, teamwork, conflict resolution, and adaptability in a setting that helps you grow personally and professionally.

This isn't just experience for your resume.
It's experience you carry with you.
